WELCOME

It is exciting for the Royal National Capital Agricultural Society (RNCAS) to be presenting The Canberra Times Home - Leisure - Caravan - 4WD & Camping Show once again in 2010.

Last years attendance was close to 25,000 incredibly eager and passionate visitors who wanted to extend their home and leisure activities. Our event enables you to raise the profile of your business in the Canberra region, develop relationships in-person with a high disposable income target audience, accelerate the buying process and increase your market share.

Best Wishes

Geoff Cannock, RNCAS CEO

HOME & LEISURE ZONE

The Budawang Pavilion boasts a major cooking demonstration stage, the Coorong Pavilion contains a large number of tourism exhibitors, and our outdoor areas feature an impressive variety of leisure products and services.

Increase the spaciousness and usability of your kitchen. Kitchen renovators can find great kitchens, designer accessories with the latest fittings and the latest technology that makes cooking a breeze.

The bathroom is the most visited room in the home so audiences can learn how to make it their own personal getaway. Exhibitors educate home owners how to convert small spaces to ensuites and transform their bathroom into contemporary master pieces.

Showcasing all this beautiful country has to offer from pristine mountain ranges to the white sands of Australia's best beaches. This Show has it all!

GARDENING ZONE

Your landscape is an extension of your personal taste, your home and an important part of your dream environment.

The Canberra Homeshow displays cuttingedge landscapes that extend and compliment your living environment throughout all seasons of the year. From water features to sensory gardens, gardening exhibitors will provide you with options to every conceivable landscape. Gardening talks and demonstrations will be live on stage by gardening expert Graham Ross from Better Homes & Gardens.

CARAVANS ZONE

With more caravans, off-road campers, camper trailers and five wheelers than ever before, the prospective buyer won't be short on choice with everything in the one place!

With such a huge range, visitors get a rare chance to compare a large number of possibilities not usually available in this region.

4WD ADVENTURE AREA ZONE

Demonstrations on towing, pulling, winching and more!

These demonstrations help the novice off-roader to understand the fundamentals of this exciting outdoor leisure activity in our dedicated 4WD area.

TOURISM ZONE

To get away from the home, the audience has the opportunity to meet exhibitors face to face to find out all they need to know about their next travel destination.

There are always new and special places to explore. Potential travellers can research and talk directly to suppliers of their next desired holiday destination.

TALK TO A BROAD SECTION OF THE COMMUNITY

"We have exhibited at the show for the past three years. The event is very good due to the large numbers of exhibitors and visitors it attracts. It gives us the opportunity to talk to a broad section of the community. The event is an excellent opportunity to market our full range of services to people who would otherwise be unaware"
