FOREWORD – DAVID BICKNELL AND ANDY GREGORY

Welcome to the 2023 National Wine Show of Australia

The 2023 National Wine Show of Australia (NWS) provides the opportunity to further showcase Australia's best wines while at the same time building on the many successful improvements implemented for the May 2022 Show. Perhaps the most critical innovation was holding the NWS in May rather than the historical timing of November each year. The date change was warmly welcomed by industry and widely viewed as an appropriate means of celebrating and closing off one judging season and at the same time ushering in the new. Following disruptions and rescheduling wine shows in the past couple of years, the new timing also allows all qualifying shows to be held and their successful exhibitors enter the NWS. The Show will continue to be held in late May/early June each year.

Other changes trialled at the May 2022 Show that were successful and will continue to apply are reflected in this Schedule and include more stringent pre-qualification requirements (only gold and silver medal wines) and reduced volumes of stock held at the time of entry.

The schedule of classes detailed on pages 9 – 11 retains Grenache as its own class. Blended red classes remain divided by their main variety – Shiraz dominant, Cabernet dominant, and Grenache dominant. The other varieties are generally secondary as the narrative and intent of the wine is generally driven by its major constituent. It also opens many more opportunities with these new classes having their own trophy.

With the support of the NWS Advisory Panel, chaired by James Halliday, AM, the Show is moving to further strengthen and restructure an already well credentialed judging cohort. All incumbent Chairs of Judges of the six capital city wine shows will be invited to judge.

The Advisory Panel and the Organising Committee undertook the annual review of qualifying shows and agreed to retain the existing 32 accredited shows which are detailed on page 12.

Support for the 2023 NWS has been gratifying. Prestigious sponsors such as the Endeavour Group and the National Press Club of Australia complemented by a range of media partners make it possible to achieve widespread media coverage both nationally and internationally. In 2023 much focus will be given to ensuring the three major trophy winners i.e. the Prime Minister's Trophy for Champion Wine of Show, the Len Evans Memorial Trophy for White Wine of Show, and the James Halliday Trophy for Red Wine of Show are accorded extensive media coverage.

With the overwhelming support we continue to receive we are confident the 2023 Show will be an outstanding success. We urge all exhibitors to carefully read and digest the entry requirements and key dates, wish them success at the pre-qualifying shows and look forward to their ongoing support and participation in the NWS.

2. AUDIT PROCEDURES

Before accepting an entry, the Organising Committee will verify information included on the entry form. Exhibitors may be contacted to clarify or provide further information if required including the amount of stock on hand at the time of entry. A refusal to provide further information will result in the entry not being accepted. Any entry found to be in breach of the *Entry Regulations* and other entry requirements will not be accepted and entry fees will not be refunded.

One or more regions from which entries have been received will be selected for attendance by a member/s of the Committee and audited prior to the commencement of judging. Entries may also be audited through the provision of stock and other records. Any exhibit or record relating to an exhibit stated on the entry form may be inspected and checked by an auditor appointed by the Organising Committee. The audit will be undertaken consistent with the *2020 Wine Show Australian Society of Viticulture and Oenology (ASVO) Best Practice Recommendations (BPR)*.

The auditor may inspect the records relating to each exhibit from the selected region/s, to determine that at the time of entry the exhibit complied with the *Entry Regulations* and other entry requirements. The auditor may take sample bottles for comparison with the exhibit during judging. Wines made from grapes grown in regions other than the selected region/s, which are entered in the Show and held at an Exhibitors' storage facility located within the region/s being audited, may also be inspected and audited.

All records provided by an exhibitor for the purposes of auditing will be retained in confidence for the purposes of the conduct of the National Wine Show of Australia.

Each sample bottle will be assessed by a judging panel at the commencement of judging of the relevant class. If an audit sample is deemed by judges not to be the same wine as the exhibit submitted for judging, the wine will be disqualified.

An audit of gold medal winning wines may be undertaken. Any wine found to be in breach of the *Entry Regulations* and other entry requirements and/or relevant wine industry Acts and Regulations will be disqualified and the award/s cancelled.

The Organising Committee will determine penalties to be applied and if required, the breach/es will be referred to Australian Grape and Wine Inc, Wine Australia, and notified to qualifying show organisers and appropriate State and Federal Government regulatory authorities.

Audit processes and the outcomes will be published in the *Catalogue of Results*.

3. DISQUALIFICATION

The Organising Committee may disqualify, or dismiss as not eligible for entry, any exhibit that does not comply with any *Entry Regulation* and/or other entry requirements detailed in this Schedule. A disqualification or dismissal is final and an Exhibitor may be disqualified from this and any future Show.

11. JUDGING PRACTICES AND PROTOCOLS

All entries will be checked prior to acceptance to ensure compliance with *Entry Regulations* and other entry requirements detailed in this Schedule.

All exhibits will be checked on receipt from Exhibitors to ensure that the wine received for judging is the same as the wine detailed on the entry form.

Exhibits in each class are randomised and a judging number applied by the Organising Committee prior to the commencement of judging.

Judging practices are consistent with the *2020 ASVO BPR* and in accordance with applicable Federal and ACT Government COVID-19 safe protocols, regulations and requirements in place at the time, as well as other practices and requirements deemed appropriate and necessary by the Organising Committee.

Each exhibit will be assessed by a panel of five Judges who assess the exhibit independently of other exhibits in the class.

Judges are screened from the exhibits and have access only to a glass of each exhibit which is poured by a Steward.

The number of exhibits judged each day is restricted and consistent with *2020 ASVO BPR* to allow adequate time to assess exhibits and avoid palate fatigue.

Judges must not engage in any discussion during assessment of an exhibit and are required to assess each exhibit impartially.

At the conclusion of judging each class, all Judges will assess and discuss individual assessments and scores, collate scores and agree on the awarding of medals.

The judging panel may call for repours of any wines prior to finalising a score. Stewards prepare and randomise repoured wines out of sight of Judges.

The Chair of Judges may split large classes across one or more judging panels. Each panel, in consultation with the Chair of Judges, will determine their highest pointed exhibit/s. These exhibits will then be repoured and randomised by Stewards out of sight of the Judges, and judged by the Chair of Judges and the Panel Chairs of each of the split class panels to determine the Top Gold exhibit for that class.

Each exhibit will be judged on its merits, with no limit on the number of Gold, Silver or Bronze medals that may be awarded in a class. If more than one Gold medal is awarded in a class, the judging panel may award a Top Gold for the class. The judging panel may decline to make an award in any class.

The judging panel agrees on a final score for each exhibit out of 100 points.

A medal is awarded to an exhibit as follows:

Gold Medal	95-100 points
Silver Medal	90-94 points
Bronze Medal	85-89 points

The *Catalogue of Results* will publish the points awarded to each exhibit. Exhibitors may request scores for all of their exhibits from the Organising Committee.

12. TROPHY JUDGING

Trophies are awarded to the best exhibits after judging all Top Gold medal wines from eligible classes by the Chair of Judges, Panel Chairs and all Judges.

Only gold medal winning wines are eligible for trophy judging.

Trophies are decided by a ballot of all Judges using the Borda point system.

All wines are poured by Stewards out of sight of Judges.

Varietal and blended wines trophy winners compete for the White Wine of Show and the Red Wine of Show Trophies. These trophy winners compete for the Champion Wine of Show Trophy.

Exhibits in Sparkling Wine Classes 1-5, Sweet White Class 16, Rose` Class 17, and Fortified Classes 34-42 compete for trophies for their respective styles.

Details of trophy winners is embargoed until the Trophy Presentation on Friday 16 June 2023.

If for whatever reason a trophy cannot be collected by an Exhibitor or their representative, all delivery costs including transport and insurance will be the responsibility of the trophy winner.

13. OBLIGATIONS OF TROPHY AND MEDAL RECIPIENTS

Trophies and Gold Medals awarded at the National Wine Show are highly regarded by Exhibitors and sought after by retailers, industry representatives and observers, media, sponsors and consumers.

We will continue to promote and support Exhibitors and request their co-operation and assistance to ensure adequate volumes of all Trophy and Gold Medal wines are available for tastings and events.

Due to the volumes required for judging, there are very limited or no bottles available for these events and it is therefore essential additional bottles are provided.

We also seek to promote and support Exhibitors awarded a Silver Medal and as a result of the stringent judging processes, there may also be insufficient volumes of these wines for various tastings and functions. Therefore the Organising Committee may request additional bottles.

Exhibitors must therefore supply, if requested, additional bottles of Trophy, Gold and Silver Medal winning wine as follows:

Table and Sparkling wines	Trophy	12 bottles (750ml or equivalent)
	Gold Medal	12 bottles (750ml or equivalent)

16. ADVERTISING OF AWARDS

An Exhibitor must comply with all applicable legal requirements including the *Wine Industry Display of Awards Code of Practice* and the *Australian Grape and Wine Authority Act 2013* in relation to the display of any medal and/or reference to any award won for an exhibit at the Show. An Exhibitor must not advertise or allow to be advertised by any means, the fact that an exhibit has won an award at this Show unless the advertisement clearly shows:
