How to work out your camping site requirements:

Camping on the grounds is in very high demand. There are restrictions on how many sites are available.

Powered and Non-Powered sites are not available as adjacent sites. If you need more than one site you must book all sites as the same type, i.e., all powered or all non-powered.

Measure the vehicles and equipment that you wish to have parked on your camping site. Work out the total space required then consult the table above to work out how much space is required and the correct fees and fill in the amounts on page 1 of this form. If your camping equipment will not fit on one 8m x 3m site you are required to book and pay for additional sites, sufficient to accommodate all camping equipment and vehicles.

Please note that ALL requested camping sites must be fully paid for at the time of entry.

Camping Rules:

Camping sites will be allocated according to the size of vehicles & camping facilities as specified on this form. **If your camping equipment exceeds your allocated space you will be moved to another location at the direction of the Camping Staff.** Vehicles allowed on the camping site will only be the camping equipment as specified for a single site. Every vehicle must be applied for on the camping form to receive authorised camping stickers. **Vehicles must be housed only on the site booked. Any vehicle not authorised will be removed from the camping zones and moved to the public parking areas outside Gate 8.**

Camping site costs – all sites booked for the period 12 noon Wednesday 21 February to 9.00 am Monday 26 February are on a flat rate basis.

With over 5,000 campers each camping group must stay on their allocated space and not impinge on any other camp site or camping group.
