CARCASE JUDGING METHOD

The National Capital Trade Steer & Heifer Hoof Competition will be judged at on Thursday 22 February 2024 followed by the National Capital Led Steer & Heifer Competition. The Competition is open to all Cattle, purebred or crossbred

Carcases will be judged using the Australian Beef Carcase Appraisal Method (ABCAM 4.3), awarding points for meeting market specifications (20 points), yield of saleable meat (40 points) and eating quality (40 points). Carcases will be judged as to their suitability for the domestic and export trade in high quality carcases and primal cuts.

Carcases will be judged against the fat specifications. Weight penalty points will be applied to carcases dressing under 180kg (at a rate of one carcase point per kg under 180kg) as these are considered to have limited market suitability.

Weight penalty points will be applied to carcases dressing over 440kg (at the rate of one carcase point per kg over 440kg) as these are considered to have limited market suitability.
